

- DSV handles **breakbulk and heavy logistics** including:
 - Oversized cargo (machinery, steel, transformer, crane support)
 - Project logistics & site delivery
 - DG compliance and route planning
 - Full UAE & GCC coverage
- DSV offers **last-mile delivery** services across the UAE using small city trucks and vans. These are ideal for e-commerce and healthcare shipments requiring fast and secure delivery to final destinations. Deliveries are WMS-tracked and supported by DSV's OCC team for full visibility.
- Yes, DSV supports **cross-docking** for fast-moving cargo:
 - Receive → Sort → Dispatch (no storage required for e-commerce, and retail)
 - Reduces lead time and handling
 - Available at Mussafah and KIZAD hubs
- DSV offers **transit storage** for short-term cargo holding. Ideal for:
 - Customs-cleared goods awaiting export
 - Shipments
 - Short-duration contracts
 - Options available in Mussafah, Airport Freezone, and KIZAD
- DSV Abu Dhabi operates EV trucks hauling 40ft containers. Each has ~250–300 km range and supports full UAE & GCC coverage.
- Mr. Hossam Mahmoud is the Managing Director, Road & Solutions and CEO Abu Dhabi. He oversees all road transport operations in the region.

- **Logistics** refers to the planning, execution, and management of the movement and storage of goods from origin to destination. At **DSV Abu Dhabi**, logistics includes:
 - **Warehousing** – AC, Non-AC, and temperature-controlled facilities
 - **Transportation** – Local & GCC trucking (flatbeds, reefers, lowbeds, trailers, etc.)
 - **Value Added Services** – Packing, labeling, inventory counts, kitting & assembly
 - **Forwarding** – Air, sea, and multimodal shipments
 - **4PL & Supply Chain Solutions** – End-to-end management and consulting
- We manage everything from port-to-door, ensuring safety, compliance, and cost efficiency.
- **DSV's Vision & Mission:**
 - **Vision:** To be a leading global supplier of transport and logistics solutions that meet customers' needs for quality, service, and reliability.
 - **Mission:** We aim to deliver superior customer experiences by providing integrated logistics solutions that add value and efficiency across the supply chain.
- **ESG Initiatives:**
 - **Electric vehicle fleet** in warehouses
 - **Route optimization & consolidation**
 - **Environmental compliance (ISO 14001)**
- Learn more about our global goals and ESG initiatives.
- DSV stands for **'De Sammensluttede Vognmænd'**, meaning **'The Consolidated Hauliers'** in Danish. DSV is a global logistics leader operating in over 80 countries.
- DSV is committed to **sustainability and reducing its environmental footprint** across all operations. Initiatives include:
 - **Transition to electric vehicles (EV)** for last-mile and container transport
 - **Use of solar energy** at our warehouses
 - **Consolidated shipments** to reduce CO₂ emissions
 - **Compliance with ISO 14001 (Environmental Management)**
 - **Green initiatives in packaging, recycling, and process optimization**
- DSV's global **Sustainable Development Goals** and aims for net-zero emissions by 2050.
- **FMCG** stands for (Fast-Moving Consumer Goods). DSV provides fast turnaround warehousing for FMCG, including picking, packing, racking, SKU control, and high-frequency dispatch.
- Insurance is not included by default in quotations. It can be arranged separately upon request.
- DSV applies **Lean Six Sigma** principles in warehouse design and process flow to reduce waste, improve efficiency. We implement 5S, KPI dashboards, and root-cause analysis for continuous improvement.
- DSV provides 3 temperature zones:
 - **Ambient:** +18°C to +25°C
 - **Cold Room:** +2°C to +8°C
 - **Deep Cold:** -22°C
- These zones are used for FMCG, pharmaceuticals, and temperature-sensitive products.
